Microsoft Software for Work at Home (Faculty/Staff)

Lehigh University has an agreement with Microsoft Corporation which permits all Lehigh University faculty and staff to use popular Microsoft software on their work computers. The software may also be used off-campus. Installation on a faculty or staff personally-owned computer is permitted only for Lehigh-related work at home use.

Obtaining Microsoft software for Faculty and Staff Work at Home Use: Faculty and staff have the option of purchasing ONE copy each of Office and Windows for work at home use. The cost is $9.95 each through Lehigh's Kivuto webstore. DreamSpark for Faculty: Faculty (not staff) may obtain a free copy of Windows 10 through the DreamSpark Premium Program. For information, please see: DreamSpark Premium Installation and use of the Microsoft work at home software indicates that the faculty or staff member has read and agreed to comply with the terms and conditions of Lehigh University’s Microsoft Campus Agreement as described in the Microsoft Work At Home Acceptance Form.

Microsoft Software Available for Faculty and Staff Work at Home Use
