Proposal Assistance

The Research Computing Staff are members of the Research Data Management Committee and can assist Principal Investigators with various Research Data Management needs. Please review the LTS guide to Research Data Management for information on storing, organizing, curating, and accessing data. More information is also available at Lehigh's Office of Research.

The following are templates for budget justification to accompany grant requests. Please make a copy and modify it according to your needs. To access the documents, you need to be logged in to your Lehigh Google account.

1. Computing resources
2. Storage resources

Additional documents that PI might want to consider adding to proposals. These documents are subject to change, so please review before final submission.

1. Documentation of LTS Facilities
2. Condo Program
3. Cyberinfrastructure Plan
