Panopto

Lecture Capture

Panopto is the most flexible, easy-to-use lecture capture solution on the market. Whether you’re just getting started with lecture recording, looking to improve upon an existing solution, or scaling your lecture capture campus-wide, we can help. Our capture software for Windows and Mac is easy to install and easy to use. Our remote recording capability makes it easy to schedule lecture recordings in advance. And our support for multi-camera video capture makes it easy to capture the instructor, the content of their screen, a document camera, a digital whiteboard, and more.

To see and manage your stored videos, sign into the Panopto cloud: [http://go.lehigh.edu/panopto](http://go.lehigh.edu/panopto). Please verify Course Site (Lehigh login) is selected. Select Sign In.
