

Large or wide format scanning and printing

If you need to scan or print a large-format documents, LTS offers several options:

- LTS EWFM Library, 400 level (main floor).
 - Scanning: 11x17 (tabloid) scanners and a self-service touchscreen bookedge 11x17 scanner.
 - Printing: One color printer and three BW printers can print 8.5x11 only.
- The Digital Media Studio (DMS) has a color and black and white printer, 8.5x11.
- There are several options for scanning and printing documents in the DMS:
 - 11x17 tabloid-capable scanners can scan portions of a document, and software is available to “stitch” multiple scans together with quality results. This service is available by appointment.
 - Digital cameras can be used to photographically reproduce large documents.
 - 11x17 printing is available.
