Lehigh’s campus is well covered by a number of wireless networks. See below for more information.

- lehigh - primary, secure network for Lehigh University users and resources
- lehigh-guest - unsecured, low-speed network for access by guests of Lehigh
- LUNA - sign-up-based MAC-filtered system for ‘smart tvs’ and other devices that are not compatible with the secured network

FAQ: Wireless (WiFi) Networks
macOS: Update your Wi-Fi Password
Smart Device WiFi: LUNA
Wireless (WiFi) Connection Instructions
Wireless Access for Alumni, Conferences and Guests
