Dropbox: Lehigh University Enterprise Dropbox

LTS has contracted with Dropbox to provide their commercial service to Lehigh Faculty/Staff and Students on an opt-in basis.

Check the LTS Service page for more information.

With a Lehigh Dropbox account, you can:

- Store content that you can easily access and share with collaborators.
- Synchronize content online and across devices automatically.
- Organize and back up your important files securely.
- Access on desktop or mobile devices.
- Share links via email, chat or text message.
- Manage edits with version control.
- Experience seamless functionality with Microsoft Office applications
- Recover or restore deleted files.

Instructions:
